

**TO: All TransGas Customers
 August 31, 2018**

**TRANSGAS LIMITED
 NOTICE TO POTENTIAL SHIPPERS/CUSTOMERS
 BINDING OPEN SEASON FOR BIDDABLE NON-RENEWABLE NIT TO TEP TRANSPORT SERVICE
 AUGUST 31, 2018 TO SEPTEMBER 13, 2018**

TransGas Limited (TransGas) hereby announces a Binding Open Season for Biddable Non-Renewable Long Term Firm NIT to TEP (NTT) Transport Service. Notwithstanding the biddable requirement, this Binding Open Season is being conducted pursuant to the terms and conditions contained within [The TransGas Comprehensive Tariff](#) and the terms and conditions set out herein.

TransGas has non-renewable NTT service available for offer to customers for two terms throughout the November 1, 2018 to October 31, 2020 period. NTT service is a stacked toll comprised of the applicable TransGas receipt toll plus an Additional Cost Recovery (ACR) charge. The cost for this biddable service would be the R11.0 receipt toll plus a biddable ACR rate. Customers will indicate their desired minimum and maximum volume and bid price as a percentage of the ACR charge for each term they are interested in. TransGas receipt tolls and ACR rates are subject to change; current rates are as follows:

Service Type	Minimum Duration	Current Receipt Toll	Current ACR Toll	Current Total
R110N Long Term Firm	1 year	R11.0 \$0.1975/GJ/d	Long Term Firm \$0.1907/GJ/d	\$0.3882/GJ/d

The capacities and terms available under the terms of this Binding Open Season letter are for NTT service with a biddable ACR rate. The capacities and terms available are as follows:

Service	Renewal Rights	Transportation Capacity	Effective Date	End Date
NIT to TEP (NTT) with biddable ACR	No Renewal Rights (NRR)	200 GJ/d	November 1, 2018	October 31, 2019
		2,600 GJ/d	November 1, 2019	October 31, 2020

The terms governing this biddable NTT service will be:

- This service will have No Renewal Rights (NRR).
- Toll will be the R11.0 Long Term Firm TransGas receipt toll plus the biddable ACR charge.
- Bids by entities or their affiliates cannot exceed the available transportation capacity.
- Bid durations cannot exceed one year, and must match the available term length for each of the terms.
- Queue deposit is not required.

The requests received will be evaluated and awarded based on the following:

- Awarded first based on highest bid price.
- Equivalent priced bids for each term will be allocated on a prorated basis.
- TransGas will continue to evaluate Requests for Service until such time as the availability left in the Open Season has been awarded. If, at any point in time during the evaluation process, circumstances are such that a Customer's minimum exceeds the available quantity, no further evaluation will be made to the Customer's Request for Service.

Interested Customers are invited to complete the following attached Request for Service below and return it to TransGas via email by **12:00 p.m. Saskatchewan time, September 13, 2018.**

Immediately following the close of the Open Season, TransGas will evaluate the service requests received, allocate the service quantities and contact interested parties regarding the amount of service allocated to their service request, as this is a Binding Open Season. TransGas will then enter and award the contracts into the TransGas Business System, QPTM.

If capacity exists after the close of the Open Season, TransGas will continue to accept requests for this service subject to the following:

- a. First come first served.
- b. The ACR rate will be at the maximum ACR bid rate awarded in the initial Binding Open Season.

Please note TransGas will also be sending out a Binding Open Season in mid-September 2018 for a renewable Firm Empress to TEP service commencing November 1, 2018. This service will have standard TransGas receipt tolls.

If you have any questions or would like to discuss the implications of this Binding Open Season offering for your natural gas transportation portfolio, please contact TransGas at.
