*Amended May 22, 2019; Pages 3 and 5*

**To: Interested Parties**

**Re: TransGas Limited South East Saskatchewan Receipt Service Binding Open Season for Remaining Available Capacity**

Binding Open Season Package for South East Saskatchewan Receipt Service  
(May 14<sup>th</sup>, 2019 to May 29<sup>th</sup>, 2019)

TransGas Limited (TransGas) hereby announces a Binding Open Season for South East Saskatchewan Receipt Service to solicit commitments from new and existing receipt service customers for potential receipt projects for **immediate remaining capacity** in the area as shown on the TransGas map attached at Appendix A.

This Binding Open Season is being conducted pursuant to the terms and conditions contained within the TransGas Comprehensive Tariff (the Tariff), as amended herein. In the event of a conflict, this notice shall prevail. The Tariff and corresponding terms and conditions are available on the TransGas website located at [www.transgas.com](http://www.transgas.com).

**This Binding Open Season shall address the immediate available capacity of 7,550 GJ/d of firm receipt demand. Please note, there is an additional 1,500 GJ/d of immediate short term firm receipt transportation service available between June 1<sup>st</sup>, 2019 and February 29<sup>th</sup>, 2020. The Open Season response period shall commence on May 14<sup>th</sup>, 2019 at 12:00 p.m. CST and will close on May 29<sup>th</sup>, 2019 at 4:00 p.m. CST.**

Binding Open Season Background and Actions:

TransGas continually assesses its system and customer specific facilities to enable transport service to meet growing demand. As production continues to grow in south east Saskatchewan, TransGas has seen a growing demand for TransGas receipt service. There is presently 7,550 GJ/d of available firm receipt capacity remaining in the south east area as a result of record high demand in 2019. TransGas is hereby announcing a Binding Open Season to obtain commitment from receipt service customers with focus in south east Saskatchewan as shown on the TransGas map in Appendix A.

This Binding Open Season will provide an opportunity for customers to obtain firm receipt service in the south east area of Saskatchewan, which is presently a constrained area, **effective June 1<sup>st</sup> 2019**. Customers who are flowing Interruptible Transportation (IT) for receipt service in this area have the potential to be curtailed. Interested customers are asked to submit their binding firm receipt commitments as outlined herein and TransGas will determine next steps to provide service.

Binding Open Season Process:

1) Request for Firm Receipt Service Form:

Each customer participating in the Binding Open Season that wishes to commit to firm receipt flow effective June 1<sup>st</sup>, 2019, must complete and return the Request for Firm Receipt Service Form (attached as Appendix B). This form shall specify the following, as required therein:

- TransGas meter code
  - Receipt service land location is also acceptable for customers with existing receipt service
- Requested receipt volumes/capacity
- Effective date of service
- Term

**The minimum contractual commitment required to qualify for this long term firm Binding Open Season is a 1 year term with an R 11.0 contract. An additional 1,500 GJ/d of immediate short term firm receipt transportation service is available between June 1<sup>st</sup>, 2019 and February 29<sup>th</sup>, 2020 with an R 11.1 contract.**

**The Open Season commences at 12:00 p.m. CST on May 14<sup>th</sup>, 2019 and will close at 4:00 p.m. CST on May 29<sup>th</sup>, 2019 for immediate available capacity.** The completed Appendix B must be returned no later than 4:00 p.m. CST on Wednesday, May 29<sup>th</sup>, 2019. Customers may submit requests for more than one receipt service and/or location. Submissions may be submitted via e-mail or mail to TransGas at the following address:

Attention: Tanya Lang, Director, Customer Services  
TransGas Limited  
500-1777 Victoria Avenue

cc: [aschmidt@transgas.com](mailto:aschmidt@transgas.com)  
cc: [astoeck@transgas.com](mailto:astoeck@transgas.com)

TransGas will acknowledge the successful receipt of your submitted Request for Firm Receipt Service Form.

2) Assessment and Service Offering

Immediately following the close of the Binding Open Season, TransGas will review the service requests received from the submitted Request for Firm Receipt Service Form, together with existing receipt service quantity allocations, in accordance with its Queue Policy.

Binding Open Season requests will be considered as official firm receipt service requests and new capacity will be allocated to all parties expressing an interest. All queue positions will receive the same priority provided they were submitted during the Open Season and in accordance with the terms hereof.

The terms governing this receipt transport service will be as follows:

- Effective date is June 1<sup>st</sup>, 2019 for both types of service offerings.
- *Awarded on a prorated bases*
  - *Each request will be prorated by the ratio of the capacity available divided by the total requested capacity.*
    - minimum 1 year term via R11.0 and
    - minimum 9 month term via R11.1
- Bids by entities or their affiliates cannot exceed the capacity of 7,550 GJ/d (via R.11.0)
- Bids by entities or their affiliates cannot exceed the capacity of 1,500 GJ/d (via R.11.1)

By virtue of the submission of the Request for Firm Receipt Service Form attached hereto, the customer will be obligated to accept prorated amounts less than the requested receipt service quantity providing that TransGas is able to allocate quantities that are less than the receipt service request but greater than the minimum allocated request.

TransGas shall notify interested parties regarding the amount of service allocated to their firm service request, if any, by May 30<sup>th</sup>, 2019. If contracts are awarded, TransGas will enter the contract into the TransGas Electronic Business System (QPTM) on the customers' behalf.

**Please note that TransGas will not be processing any Requests for Service for incremental Firm capacity for meters within the Open Season Area as show in Appendix A until after the Binding Open Season bids have been awarded. If capacity remains after the close of the Binding Open Season future Requests for Service will be awarded on a first come first serve basis through the My TransGas Business System. If the Binding Open Season for existing capacity is fully subscribed, TransGas may subsequently offer an expansion capacity open season to allow customers to request incremental firm receipt demand in the future.**

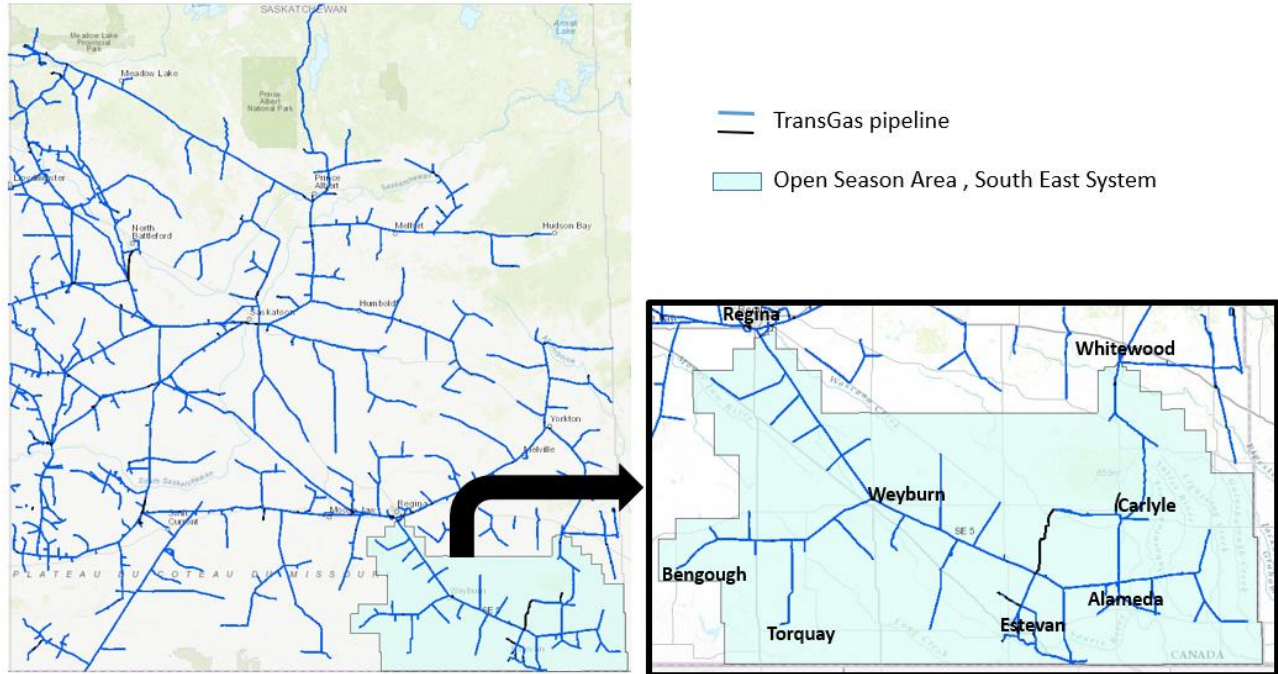

If you have any questions, please contact myself directly at (306)777-9811, or Key Account Managers Alexis Schmidt at (306)777-9687, or Alyssa Stoeck at (306)777-9501.

Yours truly,

**TRANSGAS LIMITED**
