Customer agrees to pay to TransGas, within 30 days of execution of this Customer Specific Facilities Construction Schedule of Service, the Customer Contribution amount, which will be applied towards the capital cost of providing the Customer Specific Facilities. Late payment charges will be assessed on amounts unpaid on an annual interest rate of prime plus 4% as per the TransGas Tariff. Unpaid amounts after the due date may also result in delay or suspension of construction activity, and any additional costs incurred from a delay or suspension due to late payment will be payable by the customer.

If _____ commits to firm transportation within the 30 days of execution of this Customer Specific Facilities Construction Schedule of Service, the invoice for Customer Contribution will be adjusted accordingly.

The costs are based on summer construction conditions and a winter premium would be charged in addition to the above costs should construction of the TransGas facilities be required during the winter season.

TransGas Limited will endeavor to complete the facilities described above within ___ days of execution of this Customer Specific Facilities Construction Schedule of Service. Alternate scheduling arrangements may be pursued (i.e. completion in less than ___ Days), on a reasonable efforts basis. However, TransGas reserves the right to invoice for extra costs incurred in addition to the above-described Specific Facilities costs to accommodate these alternative scheduling arrangements.

If your request involves commingling your gas with other flows through our existing meter station where another producer is the Common Stream Operator, it will be your responsibility to contact the Common Stream Operator and make arrangements for this Service. TransGas requires a written confirmation from the Common Stream Operator that acknowledges these arrangements.

This will ensure all parties comply with the terms and conditions of the TransGas Common Stream Operating Agreement which binds the Common Stream Operator and all Shippers to the terms and conditions of the TransGas Comprehensive Tariff including, but not limited to, our Standard Quality Specifications.

OR

(Please note that _____, as the Common Stream Operator at the new receipt point meter, must comply with the terms and conditions of the TransGas Common Stream Operating Agreement (which will be forwarded under cover of a separate letter) which binds the Common Stream Operator and all Shippers to the terms and conditions of the TransGas Comprehensive Tariff including, but not limited to, our Standard Quality Specifications.)

NOTES:

TransGas Limited reserves the right to withdraw any offers of services should the National Energy Board (NEB) issue a ruling related to this project, which in TransGas' opinion may have a negative or unfavorable impact on TransGas.

SaskEnergy/TransGas Franchise

The service(s) outlined herein shall at all times be subject to the provisions of The SaskEnergy Act, and shall also be predicated on the basis that any Customer owned lines are Service Lines, as defined in The Surface Rights Acquisition and Compensation Act, and such Service Lines are operated for Customer use only. Any other customers downstream of the custody transfer point must request a separate gas service from SaskEnergy and/or TransGas
