

SaskEnergy Announces Executive Vice President, Customer Service Operations

Kevin Adair will be joining SaskEnergy as Executive Vice President, Customer Service Operations, effective January 4, 2021. Mr. Adair brings valuable experience from the private and public sectors, most recently serving as Chief Operating Officer with Morris Industries. Having worked in the agricultural and communication technology sectors, Mr. Adair's leadership will be an asset to SaskEnergy. He holds a Bachelor of Business Administration degree and is a Certified Management Accountant.

Randy Greggains, current Executive Vice President, will continue to support SaskEnergy's strategic initiatives, and ensure a smooth transition of his portfolio to Mr. Adair, until his retirement.
